EXPERIENCE AND PROJECTS

CSG International   **Jun 2017 – Aug 2017**
Technical Intern
- Utilized the CSG Ascendon restful API to develop internal .NET applications
- Ran API analysis using Postman and Elastic Search/Kibana
- Worked collaboratively with other team members to carry out QA testing across multiple devices

EcNow Tech   **Dec 2016 – May 2017**
Web Developer
- Created the entirety of the website www.ecnowtech.com as a Ruby on Rails application
- Designed and created various content pages for the website www.earthsmartpd.com
- Worked with MySQL and PHP with AJAX to help implement an online catalog/store on a dynamic page

LivProactiv   **May 2016 – Aug 2016**
Software Engineering Intern
- Designed, develop, and maintained the entirety of the website www.livproactiv.com as a ASP.NET web application
- Created an event-driven web application which displays predictive blood glucose levels over a 24-hour period using R/Shiny

ProWorks Corporation   **May 2015 – Aug 2015**
Web Developer Intern
- Worked cooperatively in a team-driven environment to design and develop the frontend and backend of several websites and web applications
- Used ASP.NET, IIS, HTML, JS/JQuery, CSS, C#, TeamCity, Selenium, Bitbucket/Github, Git, Umbraco, and SQL Server Management Studio

EDUCATION

Marquette University, Milwaukee, WI   **Aug 2014 – May 2018**
Bachelor of Science Degree in Biomedical Engineering
Major: Biocomputing Engineering
- Overall GPA: 3.7/4.0

SKILLS AND INTERESTS

- **Programming Tools and Languages:** I am strong using JS, JQuery, Java, C#, HTML, and CSS. I am also familiar using Sass, Ruby, C, C++, Swift, R, Git, Matlab, SQL, PostgreSQL, ARM, Visual Basic, TeamCity, and Selenium.
- **Frameworks:** I've primarily worked with Ruby on Rails and ASP.NET. I am also familiar with building iOS, Shiny, and WinForms applications.
- **IDE Tools:** Visual Studio, RubyMine, Eclipse, Dev C++, RStudio, VIM, Android Studio, XCode, Photoshop
- **Operating Systems:** Experience programming in Windows, Unix, and Mac (OS X) environments
- **Awards & Recognition:** Brewed Ideas Challenge finalist, Strategic Innovation Fund selectee
- Avid hiker and outdoors enthusiast
